It is with great pride we can share the news that for the second year running we have been awarded The Eco Schools award. We have even managed to top last year's efforts and have received a distinction!

This is an amazing nod to all the things we are achieving as a school community. From litter picking and closing doors to keep heat in, to recycling paper and coffee pods.

The recent planting of sapling trees has been a huge success and many of them are thriving under the love and care of the pupils.

Thank you for doing your bit at home too. From buying pre loved clothing to using refillable cups and bottles. It all helps.

Many thanks for supporting us as we strive to protect our beautiful earth.
